

# Tents

## POLE TENTS

Pole Tents are held down with ropes and stakes. They require a 5ft radius around the perimeter in order to install tie downs.

## FRAME TENTS (free standing)

Frame tents are free standing and do not have a center pole. They are perfect for tight fitting areas or installations on asphalt or concrete.

	Pole Tents	Frame Tents
<b>10 wide</b>		
10x10 .....		\$129.

60x120	660	528	655-900	640	434
60x150	840	672	820-1125	860	550

\*Wedding sets take into consideration room for a head table, buffet line, dance floor, gift table, guest book table, cake table, bar area, etc... Each set is unique to the wedding party, so keep in mind that these are just guidelines. We prefer to work one on one with most of our wedding customers throughout the duration of their rental time with us. We can provide Sample CAD Drawings, so our customers get a feel for the traffic flow and amount of room they are dealing with.
